Department of Education Funds MSU Research \$1,520,000

Russell Brock, Clinical Assistant Professor of the Agency for Teaching, Leading and Learning, received \$1,520,000 from the U.S. Department of

Education to provide additional training to field staff who might be involved in supporting districts and schools in their region. Activities require the use of state developed materials that are evidence-based and support students in

regular and specialized classroom settings.

We are very excited for this and many more projects to be funded.
